Dear parents/carers,

Re: Changes to Pre-School Fees.

I am writing to inform you of our fees for the academic year 2025/2026. For our Pre-School to remain viable and provide a long-term service for our community, we must increase our fees. As you may be aware, early years settings like ours across the country are facing a wide range of significant increases in our costs. As a direct result of these financial pressures, we have had to take the difficult decision to increase our fees from 26th August 2025. We fully recognise this is already a challenging time for many of our families, and so we have endeavoured to keep these increases to a minimum. Our prices continue to be competitive and offer value for money with teacher led, high quality early years education and care delivered by a team of highly qualified, experienced early years practitioners.

New hourly charges:

Current / 2024-2025 hourly rate £5.25 per hour

August / 2025-2026 hourly rate £6.00 per hour

The decision to increase our fees is in line with other childcare settings in our local area, unfortunately some settings are having to reduce the days and hours they are operating or are having to close permanently. This is a reality for our setting too if we do not increase our fees, this is the first price increase we have had to implement for several years.

If you have any concerns about these increases and you would like to discuss it further, please do not hesitate to contact me and we will arrange a time to talk through your concerns.

Thank you for your continuing support.
